

Video Surveillance **FREE** Pilot Program

Opportunity for K-12 schools and universities to receive a free video surveillance kit without any obligation

The opportunity to facilitate learning should never be compromised by issues of safety and security. Since we are a national market leader in providing video surveillance for K-12 and college campuses, Video Insight recognizes the unique security, budgetary, and infrastructure challenges faced by educational institutions. Our video surveillance solutions help provide a safe environment so students and staff can focus on what matters most – education.

The Video Insight Pilot Program allows your institution to receive a complete kit – free of charge – to evaluate for 6 months.

The Pilot Program kit includes:

- **4 IP cameras**
- **Free Video Insight VMS software license**
- **16-port Video Encoder to improve the image quality and manage current analog cameras running on outdated DVR's. This also provides VMS access to analog cameras from Apple and Android devices.**
